

**Dear applicant for participation in the Mentoring Programme for female Postdocs in the Halle-Jena-Leipzig University Association,**

please be sure to sign and enclose this form with your application, otherwise we will not be able to process it for reasons of data protection.

**Declaration of Consent**

I hereby consent (pursuant to Art. 6 Para. 1 lit. a DSGVO) to the storage and processing of my submitted personal data for the purpose of programme coordination. This also includes forwarding the data to the programme-coordinators at the two partner universities. The data may continue to be stored after the end of programme participation, for example to send invitations to programme-related events to alumnae. To enable smooth coordination of the programme, my first and last name as well as my e-mail address may be visible to the other programme participants in communication.

I may revoke the processing of my data at any time with effect for the future. The lawfulness of the processing until the revocation remains unaffected. My data will be deleted immediately after revocation, and the submitted documents destroyed in accordance with data protection regulations. The data to be retained by law as part of the university's obligations to provide evidence will remain unaffected by the deletion.

For the revocation of the data processing, an informal written or verbal information to the corresponding coordination person of my university is sufficient.
